

Resumé

Elvin Aslanov (rwp) *

May 7, 2021

* \LaTeX (AUCTeX)

certification business card *this being rather a creative resume*

1 Biography

1.1 Basic

Name elvin aslanov
Location baku, azerbaijan
Birtdate june 9, 1992 (gemini)

1.2 Education

*generally being a self-taught and self-learner (ie. autodidactic) on life and work
(thanks to open access web)*

1.2.1 University

University Qafqaz University
Years 2009 — 2013
Degree Bachelor’s degree on Computer Engineering
Class English

1.2.2 Certifications

certificates are attached to the document in PDF file format

certification	exams	validity	subject
LPI LPIC-2 (download)	201, 202	2019-02-21 — 2024-02-21	linux distributions, unix daem
LPI LPI BSD Specialist (download)	702	2021-04-08 — 2026-04-08	bsd (berkeley) unix administra

1.3 Contacts

Email rwp.primary@gmail.com, and rwp@disroot.org

Phone : +994 70 208 15 12

IRC _rwp (freenode)

XMPP : rwp@disroot.org

Website rwp0.github.io (github pages)

1.4 Profiles

github code, discovery

openstreetmap mapping

commons photography, experiments

stackoverflow casual, q&a

2 Employment

company	years	function	software
local	2015 - 2016	full stack web developer	html, css, javascript, php, mariadb
local	2016 - 2017	unix system administrator	lamp stack, unix daemons
risk	2017 -	bsd unix system administrator	openbsd, perl, postgresql

3 Unix

as an umbrella term covering the software below listed

3.1 Perl

perl programming and system administration using core and cpan distributions

heavy use and avid interest in perl programming language system

subscribed to p5p mailing list, watching commits at perl/perl5, reading articles on perl.com, and discovering libraries on metacpan.org

3.2 OpenBSD

complete operating system from bsd family ready to be deployed

deployment and configuration of various base and ports unix daemons

subscribed to tech mailing list, watching commits at [openbsd/src](https://openbsd.org/src/), reading articles on undeadly.org, and checking ports on openports.se

daemons (servers):

httpd, relayd, pf, nsd, unbound, dhcpd, openssh, openntpd
apache, postfix, bind, isc-dhcp, openldap

tools (administration):

tcsh, tmux, git

3.3 PostgreSQL

database management system easily accessible by perl and deployed in openbsd

psql, pg_dump, pg_dumpall, pg_restore, pg_ctl, pg_config
pg_controldata, pg_isready, pg_upgrade, initdb
createdb (native cli tools) etc

3.4 Emacs

editor, and integrated development environment

modes: cperl, tramp, etags, flymake, gud, magit
dired, auctex

3.5 TeX Live

typesetting system

pdflatex, auctex

4 Interests

interests i invest my time on

4.1 Books

major books read(ing), and learned from

1. learning perl[3]

2. intermediate perl[1]
3. mastering perl[2]
4. programming perl[6]
5. perl cookbook[5] (reading)
6. mastering perl tk[4] (reading)

4.2 Mailing lists

subscribed mailing lists reading daily

perl porters

openbsd tech

emacs devel

postgresql hackers

4.3 Social

wikipedia, openstreetmap, github

i spend time reading wikipedia articles (and also wiktionary pages), explore openstreetmap objects, and watch github for commits on projects i'm interested in
